Single Family on 0.00 Acres

1002 - CO Central, Oakville (co Central),
Ontario

Tucked away on a coveted cul-de-sac in South Oakville, just steps from Lake Ontario, stands a residence that feels as much a work of art as it is a home. Designed by architect David Smalls, this 6,500sq.ft. haven is a study in quiet luxury where proportions, textures, and natural light compose an atmosphere of effortless refinement. From the moment you enter, the foyer reveals the homes narrative: a seamless dialogue between architecture and nature. Towering windows in the living room frame a canopy of mature trees, dissolving the boundaries between indoors and out. The kitchen is a chefs sanctuary, anchored by an oak island, marble countertops, and integrated appliances. A discreet, well-appointed servery hides just beyond, while the adjacent formal dining room invites candlelit evenings and intimate gatherings. A covered deck, complete with outdoor fireplace, extends the living space, while the organized mudroom and powder room round out the main levels composition. Upstairs, the primary suite is a private retreat of understated opulence, offering dual walk-in closets and a spa-like ensuite swathed in natural stone. Down the hall, three additional bedrooms each boast their own walk-in closets and ensuite or Jack-and-Jill bathrooms. The walk-out lower level is conceived for whole-home living: a gym, office, guest bedroom, and entertaining area with gas fireplace and wet bar open directly to the outdoors. Here, a covered

terrace spills onto the backyards crown jewela
heated saltwater pool framed by lush
landscaping for ultimate privacy. Every detail
has been considered: 10ft. ceilings on the
main floor, 9ft. ceilings above and below,
heated tile floors, three fireplaces, a three-car
tandem garage, central vacuum, irrigation, and
a smart-home lighting system. Set within
walking distance to Downtown Oakville,
moments from top public and private schools,
this home is a sanctuary for those who value
architecture that whispers its luxury rather than
shouts it. (id:6289)
